Bournemouth University Bursary Policy & Procedures

Academic year intake 2019-20

Major Version 1.4: September 2019

Notes:

This document is for external publishing, with the exception of noted appendices which contain potentially sensitive information relating to BU's internal business processes.

Bursaries offered to incoming students are reviewed on a regular basis and the University reserves the right to review, amend, and introduce new awards and to cease the award of bursaries at any time. A revised (minor) version of this document will be published to take account of any changes to our provision, the terms, conditions & eligibility.

Communication of changes to bursary provision, eligibility criteria, amount or any other major or minor details will be made to any affected potentially eligible students.

BU BURSARIES POLICY AND PROCEDURE 2019-20

1. Scope and Purpose

- 1.1 Bournemouth University (BU) offers a range of bursaries to support students meeting the appropriate eligibility criteria. Details of the bursary benefits, eligibility to apply (if required) and deadline for applications are listed in Section 4 of this document. Bursaries will be reviewed on a regular basis and the University reserves the right to introduce new bursaries at any time. If there are any new or adjusted awards, a revised (minor) version of this document will be published.
- 1.2 These policy and procedures are for BU staff and students
- 1.3 These policy and procedures must be followed when making BU Bursary awards and are also for use when considering any student appeals.
- 1.4 These policy and procedures cover students for 2019-20 year of entry. The details with the level of financial support a student received under the BU Maintenance Bursary varies according to their year of entry. The details of these are set out by year of entry in the appendices. Students whose year of entry is prior to 2019/20 should refer to the appropriate policy and procedure for that year – available online at <https://www1.bournemouth.ac.uk/students/help-advice/finance-support/bu-bursaries>
- 1.5 Ownership of and key responsibilities for bursaries is outlined below:

2. Links to other BU information

- 2.1 In the event of a student wishing to appeal, they should be directed to the Student Financial Support Appeal Procedure document on the BU portal at <https://intranetsp.bournemouth.ac.uk/pandptest/11e-student-financial-support-and-fee-status-appeals-procedure.pdf>
- 2.2 The Access Agreement sets out the principles and distribution of BU's financial support: [Access Agreement](#)

3. General Principles

- 3.1 Bournemouth University is committed to a fair and transparent policy in respect of the award and administration of its bursaries.
- 3.2 Bournemouth University reviews its Bursary Scheme annually. Access, Excellence & Implementation Committee makes recommendations for Fees Board approval in respect of the financial support package available to BU students each academic year through its institutional bursary provision. BU's institutional bursaries are liable to change year on year but are set at least one year in advance. BU makes information available to both current and future students through the appropriate channels. BU will not alter to a student's detriment the rules applying to a bursary package that has been awarded.

4 Overview of 2019-20 Bursary provision

Ref	Bursary Awards	Entry	Fee region	Value	Number of awards	Application or Assessment Deadline	Funding	System-assessed or by application
A.2	BU Maintenance Bursary	Sept Jan	Home/UK (English) & EU only	Household income £16k or below. £3,500 total (split over 3 years of study). Pro-rated for part-time students (ODP and franchised foundation course students on a 2 year course receive £2,400 split over 2 years of study) Household income £25k or below. £3,000 total split over 3 years of study). Pro-rated for part-time students (ODP and foundation course students on a 2 year course receive £2,000 split over 2 years of study)	Unlimited	No application unless part-time. Based on household income notified from SFE (however students must self-identify if they believe they are eligible and have not had an automatic allocation – deadline of 31 January for September entrants and 31 May for January entrants)	Central	SITS will auto assess on information received from SFE to verify household income (requires student to ensure they have agreed to share information via SFE Funding Application) Part-time students need to complete application
A.1	BU Care Leavers Bursary	Sept Jan	Home UK & (English) & EU undergraduate students only	£6,000 (Year 1) £5,000 (Years 2 & 3) Pro-rated for part-time students (ODP and franchised foundation course students on a 2 year course receive £6,000 in Year 1 and £5,000 in year 2 only)	Unlimited	No application unless part-time. Evidence required. (deadline of 31 January for September entrants and 31 May for January entrants)	Central	SITS will identify potentially eligible students based on information received from SFE/UCAS application and students will be invited to provide evidence before award can be confirmed manually. Part-time students need to complete application

- 4.1 Students cannot receive both the BU Maintenance Bursary and the BU Care Leavers Bursary.
- 4.3 The levels of support a student receives under the BU Maintenance Bursary varies according to their household income. Details of these are set out in Appendix 2.

5 Application process and eligibility

- 5.1 Eligible students are required to complete the appropriate Student Finance England application form for funding and indicate their 'consent to share'. Information about applying together with all application forms is available on the Gov.UK website at: <https://www.gov.uk/apply-online-for-student-finance>
- 5.2 **If a student and if relevant, their financial sponsor(s), do not 'consent to share' the University is unable to make an assessment of the student's financial situation and therefore it is not possible to award a Bursary.** Students may be required to complete a new Student Finance England application form at the beginning of every year of their studies and are advised to apply from early April before their next year of study to avoid delays with their payments. It is the student's responsibility to check with Student Finance England whether a new application will be required.
- 5.3 Eligible part-time students will need to complete an application form for all bursaries.
- 5.4 Eligibility for the BU Maintenance Bursary is assessed on the household income information that is shared with the University by Student Finance England (see 5.1 above).
- 5.5 The University will make a BU Maintenance bursary award to any student meeting the eligibility criteria where they receive information confirming the household income level is below the stated threshold.
- 5.6 In most cases, students will not need to complete an application form for the BU Maintenance Bursary or BU Care Leavers Bursary, however if a student believes that they meet the criteria for a BU Maintenance Bursary but does not receive confirmation of eligibility for the award by end of October (for students starting in September) or end of March (for students starting in January), they should contact the AskBU team to check their status (email: askbu@bournemouth.ac.uk).
- 5.7 To allocate the maximum number of bursaries within a timeframe that is beneficial to most recipients there is a deadline by which a student's household income information must be verified by to be able to offer the student a bursary. The deadline for income information to be available from Student Finance England for a bursary to be approved is 31 January for students starting their programme in September and 31 May for students starting their programme in January. Dates noted in the policy also apply to subsequent years of study.
- 5.8 Students on multi-year bursaries that are eligible for an award in their second and final years (a 'continuation award') may need to complete a Student Finance England application for each year of study.
- 5.9 EU students on multi-year bursaries that are eligible for an award in their second and final years (a 'continuation award') will have their eligibility assessed based on the figure provided during their first year of the award.
- 5.10 For students receiving a continuation award a new bursary application to BU each year is not required. Instead the information on household income submitted to Student Finance England will be automatically assessed within the Student Record System (SITS) to assess that the student's household income remains within the eligible level, and that all other eligibility criteria continue to be met. Once these checks have been satisfied the BU Finance and Performance team will check the student's enrolment status and issue the continuation bursary in instalments on the pre-paid card. If

a student's household income rises above the bursary household income threshold or if a student no longer meets any other criteria for the BU Bursaries, the student will cease to receive the multi-year bursary for all subsequent years where their household income is above the bursary threshold.

- 5.11 While all eligible students for the BU Care Leavers Bursary will receive an award the students must continue to satisfy the household income eligibility criteria requirements to receive an award in the second and final years of study.

6 Appeals

- 6.1 Students with an unsuccessful application for a BU Bursary who wish to appeal should email complaints@Bournemouth.ac.uk within 10 working days of being notified of the outcome of their application stating clearly the grounds for appeal.
- 6.2 As per the Student [Financial Support Appeal Procedure](#) document (see: <https://www1.bournemouth.ac.uk/students/help-advice/important-information>), appeals will only be considered where there is evidence that the process of decision making in respect of an application did not follow the prescribed procedures; or where pertinent new information is available which was not included in the original application and which materially affects the application. Re-assessment of income will not be considered as pertinent information. Appeals against the University's judgement of the merit of an applicant against the published criteria will not be accepted.

7 Payment of awards

- 7.1 All Bursaries are paid through a pre-paid card issued to the student. The Bursary funds will be paid onto the card in 9 equal instalments¹ from October to June for each year of study in which a student is actively participating and remains eligible for the Bursary. Students receiving their bursary award notification after October will have the backdated months instalments made as early as possible e.g., for an award first authorised in February, the first instalment would cover the 5 months from October to February and future instalments would be in line with the monthly instalments for the remainder of the academic year to June.
- 7.2 Bursaries are not paid during the placement year of a programme of study.
- 7.3 To enable the regular payments onto the card, the Finance & Performance team will run monthly checks on each bursary recipient's enrolment status before authorising the card payment.
- 7.4 The card is a pre-paid card so students can only spend the funds that are in the account and cannot go overdrawn. Students can receive up to 2% cashback on purchases at certain retailers. Students will be advised of the full terms and conditions when they collect their card and can view these on-line under the [important information/finance](#) section.
- 7.5 Student spend on the pre-paid card may be monitored by the card issuer and by BU and any student found to be breaching the terms and conditions of the card may have further bursary instalments suspended and/or spend on the card blocked and be required to attend a meeting with the Student Support Manager and may be subject to disciplinary action in line with the [BU Student Disciplinary Procedure](#).
- 7.6 Students cannot collect their card until they have enrolled at BU. Students will normally be able to collect their card from 7 calendar days after their official enrolment date, however those bursary recipients who are identified post cut-off for the auto-communication confirmation email deadline but before the bursary assessment deadline, will normally be able to collect their card after 10 working days of receiving their confirmation email. Sodexo (the card provider) will email the student on their personal email address, once the card has been processed. Collection is from the Cashiers' Office in Poole House on Talbot Campus. Students must have collected their card before the set deadline. Deadlines for card collection are 1st March for students commencing their course in the previous

¹ After rounding to the nearest pound.

September and 1st July for students who commenced their course in the preceding January/February.

- 7.7 Failure to collect the card before the set deadline will result in the card and the award being cancelled.
- 7.8 Bursary awards made for continuation years will be paid in instalments on the pre-payment card issued in the first year that an award was made.

8 Withdrawals, Suspensions & Repeat Levels

- 8.1 Students must be fully enrolled at the time that the Bursary payment is due. No payment will be made to students who have interrupted or suspended their studies. Students who withdraw prior to the payment date will not be entitled to a pro-rata payment. Enrolment status is checked by the Finance and Performance Team on a monthly basis before triggering the card payment.
- 8.2 If a bursary recipient chooses to suspend their study their bursary will be frozen. Payments commensurate with the remaining funding for that level of study will recommence when the student returns to study. Time limits apply to a frozen bursary. Students are usually expected to recommence their studies within 18 months of the date of the suspension to receive the remaining funding.
- 8.3 Students repeating units at a level of study for which they have already received a bursary will not normally be eligible for bursary funds. If a student is repeating units alongside a higher level of study and is in receipt of a multi-year bursary the student will continue to receive the bursary for the higher level of study.
